According to Wikipedia, an annual report is a comprehensive report on a company's activities throughout the preceding year. Annual reports are intended to give shareholders and other interested people information about the company's activities and financial performance. They may be considered as grey literature. Most jurisdictions require companies to prepare and disclose annual reports, and many require the annual report to be filed at the company's registry. Companies listed on a stock exchange are also required to report at more frequent intervals (depending upon the rules of the stock exchange involved).

# A DAY IN CLASS

# HOW WAS YOUR DAY TODAY?

Journal entries are records that can be used to note the highs and lows of your day, to track your progress, or to simply recall how your day went. In no more than 200 words, write a journal entry about your activities and endeavors today.

In order to bloom, you  
must grow.
